

**SAN FRANCISCO  
QUARTERLY RATE REPORT**

**Year Ended June 30, 2016**

Recology Sunset Scavenger  
Recology Golden Gate  
Recology San Francisco

## **INTRODUCTION**

The San Francisco Refuse Collection and Rate Board Order (the Rate Order), issued on July 23, 2013, includes various reporting requirements as established in the Department of Public Works Director's Report, issued on June 7, 2013. The reporting requirements address several areas of information, including disposal tonnages, commercial recycling and composting accounts, bulky item recycling, toxics program participation and collection incentives, revenues and expenses, apartment customer caps and migration and special account reporting.

This report covers the rate year from July 1, 2015 to June 30, 2016.

## **DISPOSAL AND DIVERSION TONNAGE**

A summary of tons disposed is presented in Table 1. The table also shows the Tier 1 through Tier 4 Zero Waste Disposal Tonnage targets. Disposal tonnage is currently above the Tier 1 target. The tons disposed reflect only those tons that originate in San Francisco. Disposed tons includes out throws of materials removed from diversion streams by other processing facilities. Tables 1 and 3 exclude all tons that originate outside of San Francisco.

Table 2 shows the material diverted and used as Alternative Daily Cover (ADC). The three sources of ADC are oversized pieces from composting operations, urban organics composting operations and dirt and grit from iMRF operations. Table 3 presents a breakdown of diversion and disposal tonnage by company and by program.

## **COMMERCIAL RECYCLING AND COMPOSTING ACCOUNTS**

Table 4 presents information regarding the number of commercial accounts that are (1) trash compliant, (2) recycling compliant, and (3) composting compliant. The Table has been prepared in accordance with the requirements of the Rate Order.

## **BULKY ITEM RECYCLING AND TOXICS PROGRAM PARTICIPATION**

Table 5 provides a summary of participation and materials captured in the various toxics programs. Additional information regarding Bulky Item Recycling (BIR), including non-toxic BIR tonnage, is provided in Table 3. Additional details about toxics programs are provided in the San Francisco Household Hazardous Waste Collection Facility Quarterly Report, submitted separately to the Department of the Environment by Recology San Francisco.

## **ABANDONED MATERIALS COLLECTION**

Effective July 1, 2013, the Companies assumed responsibility for the collection of certain abandoned materials, including materials reported through the City's 311 information system. The Companies and the City have integrated reporting between the 311 system and the Companies' information systems. Tonnage collected under this program is included in Table 3.

## **REVENUES**

Table 6 presents the actual revenues for the collection operations of Recology Sunset Scavenger and Recology Golden Gate. Revenues for Recology San Francisco are provided in Table 7. These revenues are presented consistent with the format on Schedule F.1 of the rate application.

Table 8 shows the actual recycling revenues for Recology San Francisco.

## **EXPENSES**

Table 9 presents the actual expenses for Recology Sunset Scavenger and Recology Golden Gate. Expenses for Recology San Francisco are provided in Table 10. These expenses are presented in a format consistent with Schedule D of the rate application.

## **APARTMENT CUSTOMERS AND REVENUE**

The Rate Order included a new rate structure for apartment customers. The Companies proposed a cap on the impact this structure would have over a two year period to allow customers an opportunity to adjust their service to mitigate the impact of this change. The cap on apartment rates ended on June 30, 2015.

## **LIFELINE AND DISABLED SERVICES PROGRAMS**

As of June 30, 2016, 7,379 customers participated in the Lifeline program. As of the same date, there were 441 participants in the Disabled Services program.

## **SPECIAL ACCOUNT REPORTING**

Appendix A contains account reports for the Special Reserve Fund, Impound Account, and Zero Waste Incentive Account. The reports include beginning balances, deposits, disbursements, and ending balances for the accounts.

### **Special Reserve Fund**

The Rate Order terminated funding for the Special Reserve Fund as of July 1, 2013. The fund balance earns interest, which continues to accrue into the fund.

On December 16, 2015, the Refuse Collection and Disposal Rate Board issued a resolution to create a new account to serve as the New Special Reserve Fund for the July 2015 landfill disposal agreement with Recology Hay Road by withdrawing \$13,250,000 from the Special Reserve Fund. As directed in the resolution, \$1,250,000 will be an initial deposit and \$12,000,000 will be used to cover the increase in disposal and transportation costs.

### **Impound Account**

The Companies made monthly deposits to the Impound Account based on both fixed and variable payment requirements as contained in the Rate Order. Fixed payments to the Department of the Environment were made in accordance with the approved rate. The Department of the Environment distributes funds to the Department of Public Works. Payments to Alameda County, related to fees associated with disposal at the Altamont Landfill, were made based on the volume of material sent to the landfill. These payments ceased upon the expiration of the landfill agreement on January 15, 2016.

### **Zero Waste Incentive Account**

The Companies make deposits to the Zero Waste Incentive Account on a monthly basis in amounts determined by the Rate Order. Funds held in the Zero Waste Incentive Account will be applied against future rate adjustments and certain amounts may be used to support additional diversion programs.

On January 29, 2016, the San Francisco Department of Public Works approved a withdrawal of \$5,778,916 from the Zero Waste Incentive Account to be used for upgrades at Pier 96.
